

Truth in Savings

DIVIDEND INFORMATION

The following dividend information applies to all accounts unless otherwise indicated in the Specific Account Requirements of this disclosure.

Rate information: The dividend rate and annual percentage yield may change at any time as determined by the HRCU Board of Directors.

Compounding and Crediting: Dividends will be compounded and credited to your account every month. Dividends will begin to accrue to your account on the business day you deposit cash and noncash items (for example, checks).

Dividend Period: The dividend period is monthly. For example, the beginning date of the first dividend period of the calendar year is January 1, and the ending date of such dividend period is January 31. All other dividend periods follow the same pattern of dates. The dividend declaration date follows the end date of a dividend period, and for the example above is February 1. You will not receive the accrued dividends on your share account if you close your share account before dividends are paid, excluding Share/iSave Certificates (see Specific Account Requirements section for additional information).

Average Daily Balance Method of Computation: The average daily balance is calculated by adding the full amount of principal in the account for each day of the period and dividing by the number of days in the period.

Share/i\$ave Certificate

You will be paid the rate as disclosed on your Share Certificate agreement until the first maturity.

Effective Date: 4/1/2024

Minimum Balance Requirements – Share Certificate: The minimum balance required to open this account will be \$500 or \$1000. The minimum balance required to open share is determined by the type of Share Certificate being opened. You must maintain a minimum daily balance of \$500 or \$1000 in your account to obtain the disclosed dividend and annual percentage yield.

Minimum Balance Requirements – iSave Certificate: The minimum balance required to open this share is \$100. You must maintain a minimum daily balance of \$100 in your account to obtain the disclosed dividend and annual percentage yield.

Accrual of Dividend on Noncash Deposits: Dividends will begin to accrue on the business day you deposit noncash items (for example, checks) in your account.

Dividend Period: You will receive the accrued dividends, less applicable penalties (see Early Withdrawal Penalties section for additional information), on your Share/iSave Certificate if you close your account before dividends are paid.

Transaction Limitations: You may not make additions to this account until the maturity date stated on the account. You may make withdrawals of principal from this account before maturity only if we agree at the time you request the withdrawal. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty. You can only withdraw dividends credited in the term before maturity of the term without penalty. You can withdraw dividends anytime during the term of crediting after they are credited to this account.

Early Withdrawal Penalties: A penalty will be imposed for withdrawals before maturity:

1. If your account has an original maturity of 12 Months or less, the penalty we will impose is:

- the lesser of 90 days dividends earned from the date of deposit on the amount withdrawn or all dividends earned from the date of deposit on the amount withdrawn.

2. If your account has an original maturity of more than 12 Months, the penalty we will impose is:

- the lesser of 180 days dividends earned from the date of deposit on the amount withdrawn or all dividends earned from the date of deposit on the amount withdrawn.

There are certain circumstances, such as death or incompetence of an owner, where we may waive or reduce this penalty. See your plan disclosure if this account is part of an IRA or another tax qualified plan.

Withdrawal of Dividends Prior to Maturity: The annual percentage yield is based on an assumption that dividends will remain in the account until maturity. An early withdrawal will reduce earnings.

Automatically Renewable Account: This account will automatically renew at the maturity date listed on the share certificate unless you notify us otherwise. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period listed below, if any) or we receive written notice from you within the grace period mentioned below, if any. If you prevent renewal, your deposit will be placed in a dividend-bearing account. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty.

Each certificate will be renewed for the original term, except in certain promotional certificate specials, beginning on the maturity date. In the event of a special, the certificate will be renewed to the closest non-promotional term available at renewal. The dividend rate will be the same we offer on new term share accounts on the maturity date which have the same term, minimum balance (if any) and other features as the original term share account. You may call the Credit Union during regular business hours at (603) 332-6840 or 877-895-6840 or access our website at www.hrcu.org to find out the current dividend rate and annual percentage yield that will apply to your account if it is renewed.
