

Customer Identification Program

To help the government fight the funding of terrorism and money laundering activities, federal law, under the Patriot Act, requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means for you is that when you open an account, we will ask you for your name, address, date of birth, and other information that will allow us to identify you. We will also ask to see your driver's license and/or other identifying documents.

You may provide any of the following un-expired photo ID's:

Driver's License

Immigration Card

Military ID

Government Issued ID

Student ID

US Passport

NH State Non-Driver Photo ID

Individuals opening accounts for minor children are required to provide identification for themselves and a social security number for the minor child.

Identification will be required for certain transactions such as wiring funds.
